Mubadala and Abu Dhabi

Established and owned by the Abu Dhabi Government, Mubadala develops, operates and invests in areas that are integral to the economic diversification of Abu Dhabi, focusing on managing long-term investments that deliver strong financial returns and tangible social benefits to the Emirate.

We are encouraging the next generation to participate in a broad range of opportunities to support the UAE achieve its future ambitions. Leading a healthy lifestyle, pursuing a world-class education, and embracing arts and culture are fundamental to achieving these goals.

Mubadala Businesses

Mubadala Aerospace

As we aim to establish Abu Dhabi as an integrated global aerospace hub, we break new ground in delivering advanced composite components to Airbus through our STRATA plant in Al Ain.

Mubadala Capital

We are the primary vehicle for the company's investment activities, focused on the creation of long-term wealth and biased towards capital preservation, with assets such as GE and AMD.

Mubadala Healthcare

We are bringing some of the best international clinical expertise to the region through partners such as Johns Hopkins Medicine International, Cleveland Clinic and Imperial College London.

Mubadala Industry

We reflect the importance of industrial development to the Abu Dhabi economy, the scale of existing industrial investments such as Emirates Aluminium, and developing new businesses.

Mubadala Information & Communications Technology

Committed to developing a portfolio of global ICT assets, we recently launched Y1A satellite by Yahsat, providing satellite communications services for customers across 85 countries.

Mubadala Infrastructure

We are building a sustainable community infrastructure focused on education to support Abu Dhabi's growth through developments such as Paris-Sorbonne Abu Dhabi University.

Mubadala Oil & Gas

Through an exciting exploration and production portfolio spanning the Eastern Hemisphere, we are leveraging strategic relationships with national and international oil companies.

Mubadala Real Estate & Hospitality

We are developing commercial, residential and leisure districts central to Abu Dhabi's long-term vision, such as Sowwah Island's business district which includes Abu Dhabi Securities Exchange.

Mubadala Services Ventures

We are focused on building scalable regional business platforms in a range of sectors, including defense; logistics and transportation; and financial services and leasing.

Advanced Technology Investment Company (ATIC)

ATIC, a specialist investment company wholly owned by Mubadala, is developing the advanced technology sector with a primary focus on the semiconductor industry.

Masdar

Wholly owned by Mubadala, Masdar (Abu Dhabi Future Energy Company) is a multi-faceted company that seeks to research and develop clean and sustainable energy solutions.
